Organization's Mission: To inspire children to learn about our world through exploration, imagination, and experimentation.

Children's Discovery Museum holds 2nd Annual Preschool Science Workshop Week

(Escondido, CA – February 23, 2017) San Diego Children's Discovery Museum will hold its 2nd Annual Preschool Science Workshop Week from March 6-10, 2017.

The Preschool Science Workshops will take place during the county wide San Diego Festival of Science & Engineering Week organized by the Biocom Institute. S.T.E.A.M (Science, Technology, Engineering, Art, and Math) education is a large focus of educational programming at San Diego Children's Discovery Museum. The Preschool Science Workshops have a theme of "Fairy Tale S.T.E.A.M." and includes storytime featuring a different classic fairy tale character and an engineering challenge each day.

"San Diego Children's Discovery Museum is dedicated to providing hands-on, early childhood educational opportunities in science that bridges the gap in formal education and inspires creative thinkers, lifelong learners, and global citizens", says Javier Guerrero, Executive Director of San Diego Children's Discovery Museum.

The workshops are 30 minutes and designed for children ages 3 and up to experience hands on S.T.E.A.M. activities alongside their caregiver. The price of each Preschool Science Workshop is included with Museum admission. Two workshop times are offered at 10:00am and 11:00am.

For more information on the program, visit: <http://sdcdm.org/preschool-science-workshops-2017>

ABOUT San Diego Children's Discovery Museum (SDCDM)

San Diego Children's Discovery Museum's mission is to inspire children to learn about our world through exploration, imagination, and experimentation. The Museum serves local families, school and play groups, and visitors from across southern California and beyond. The new 6,000 square foot facility located at 320 North Broadway, Escondido, CA 92025 has an additional 7,500 square-foot outdoor Children's Discovery Garden. The Museum's hands-on educational exhibits focus on science, arts, and world cultures. SDCCDM designs and fabricates its own exhibits with new experiences and themes added each month. New exhibit additions can be seen in Nature Play and the Outdoor Art Studio in the Children's Discovery Garden, Kids Global Village, Toddler Tide Pool, Reading Book Nook, Discovery Sailboat, Our Town: Careers & Community, and the hands-on science Experimentation Exhibit Area.

SDCCDM was founded as a nonprofit organization in 2001 as Escondido Children's Museum, with the focus of learning through play and inspiring children from ages 0-10 to learn about our world through exploration, imagination, and experimentation. The Museum is open Monday through Sunday from 9:30am to 4:30pm. Admission cost is \$8 per person, \$5 for active-duty military and veteran families, \$1 for EBT cardholders, and children 12 months and younger are free. Memberships, group discounts, field trips, birthday parties, private events, and Discovery Camps are available. San Diego Children's Discovery Museum is affiliated with the Association of Children's Museums.
